

Connecting with destiny helpers

Elijah, by the time a little known prophet of God was on his journey to defining himself as a famous prophet of the living God in [1Kings 17](#). God was going to use him in the killing of the prophets of Baal and destruction of the gods of Baal introduced by Jezebel, the idolatry wife to King Ahab

Elijah was heading for a place he did not know well, he did not have a relative or friend, he did not have a house or a home to welcome him but he trusted in God to provide all these. Going there Elijah was going for his life changer encounter.

God had prepared a humble home of a poor widow to receive him in a remote village of Zarephath of Sidon [1Kings 17:9](#)

Before he was placed under the care of the poor widowed woman, God had humbled Elijah at a hidden place along the seasonal stream of *cherith* bordering Jordan. There the Lord commanded *ravens* to feed him before they could feed themselves ([17:1-3](#)). And as the land was dry, he drank from a small well that sprang along the path of the stream ([17:4](#)). [17:5-6](#) says that *Elijah lived at the hidden place, drank from the well and was fed by the ravens*

When the time was over God withdrew the supplies and Elijah enquired from God. The Lord said to him that the time to be there was successfully over and that He had prepared the final preparation ground for him [17:8-9](#). The Spirit of God carried him to the village of *Zarephath* ([17:10-13](#)) and stayed there for a period of *three years* ([18:1](#)).

And God said to Elijah, now you are ready, go and show yourself before the king and I will send back the fortunes of rain to the land. Moreover, in verse [18:2](#) the Bible says there was biting famine in the land of Samaria – Israel

In [18:15-17](#) Elijah encountered King Ahab and plainly told him that he was the cause of all pain, hunger, famine, drought that the nation was going through ([18:18](#))

He told him that he came to end the worshiping of gods which his demonic wife had introduced and forced the people of God into worshiping ([18:19](#))

The famous contest between God of Elijah and gods of Baal (between Elijah and prophets of Baal) ended with destruction of gods and slaughtering of the prophets of Baal

And God humbled Prophet Elijah again so that he does not take the glory and commit sin before God. We are told that Jezebel got furious and looked to kill him. ([19:1-2](#)). See that God did not allow the king to offer protection to Elijah and he escape to Beersheba and beyond leaving his servant there for him, (Elijah) was being pursued

He hid in a forest under a tree. Tired and hungry he said his wishes to God that he may die. But God was with him. He sent an angel to wake him up and fed him. God gave him the strength to walk for 40 days and 40 nights to mount Horeb (the mountain of God) where he met God ([19:9-16](#))

Then God ordered him to go and anoint for him three people in Damascus among them Elisha son of Shaphat from Abel Meholah to succeed you as prophet.

And in [2Kings 1-13](#) Elijah and Elisha got separated by a chariot and horses of fire. Elisha inherits twice the measure of prophetic power God had given to His servant Elijah.

Other instances God handed over His servants to other people to take care of them

Joseph was sold as a slave to Potiphar, a captain of the guard of Pharaoh. This man housed the young man for three years before he received the favor of the king and was appointed the second in command. Joseph may have preferred to be sold to a less powerful master so that he may have some freedom and comfort. But God handed him to Potiphar so that Joseph may not relax his prayerful life. He commanded the royal family to take care of His son and servant. Despite the many challenges Joseph faced but God allowed no harm to come over him

Joseph knew about his destiny (from the dream of stars) but he did not know how it will come to be. God has raised someone for you. Pray for a revelation and a divine linking

For Moses it was first the daughter and home of Pharaoh then Jethro and Moses became the man who we know today. He was supposed to have been killed while a baby boy but God shut every mouth that curses and every door of cell and he raised him in the family and country that were enemies of God and of Israel

For Jacob it was his mother Rebecca and his uncle Laban. For Jonah it was that giant whale. I pray that from today your helpers of destiny will not sleep or relent. They will look for you day and night until they have found you

May God silent every evil that may attach itself unto the helpers like He did with the whale for Jonah, the prison for Joseph, the River for Moses, Jezebel for Elijah

I pray for you to be filled with supernatural peace as you are now placed under the care of your destiny helper. The Lord be your watch

In Jesus name

Amen
